# FREIGHT

## INDUSTRY CHALLENGES

### 01 KEY ISSUES

- ▶ Volatile rates
- ▶ Cargo theft, fraud, hidden substances
- ▶ Unqualified/uncertified drivers
- ▶ Overpromising logistics who break cost/capacity commitments
- ▶ Poor communication & lack of visibility

### 02 WHAT SHIPPERS WANT

- ▶ Honorable pricing + logistics who keep commitments
- ▶ Secure, vetted, compliant carriers
- ▶ Clean communication
- ▶ Cargo visibility
- ▶ Stability and predictability

**U.S. truckload spot rates rose 9.1% YoY in Q1 2025 (RXO)**

# FREIGHT INDUSTRY TRENDS & SHIPPER EXPECTATIONS

**72 %**

## Prioritize Real-Time Tracking

Nearly three-quarters of shippers rank visibility (real-time tracking) as the top factor when choosing a provider.

DB SCHENKER

**64 %**

## of Logistics Use TMS; ≈ 30 % Offer Live ELD Visibility

While most logistics use a Transportation Management System (TMS), only a minority deliver live Electronic Logging Device (ELD) visibility, creating a visibility gap for shippers. go comet

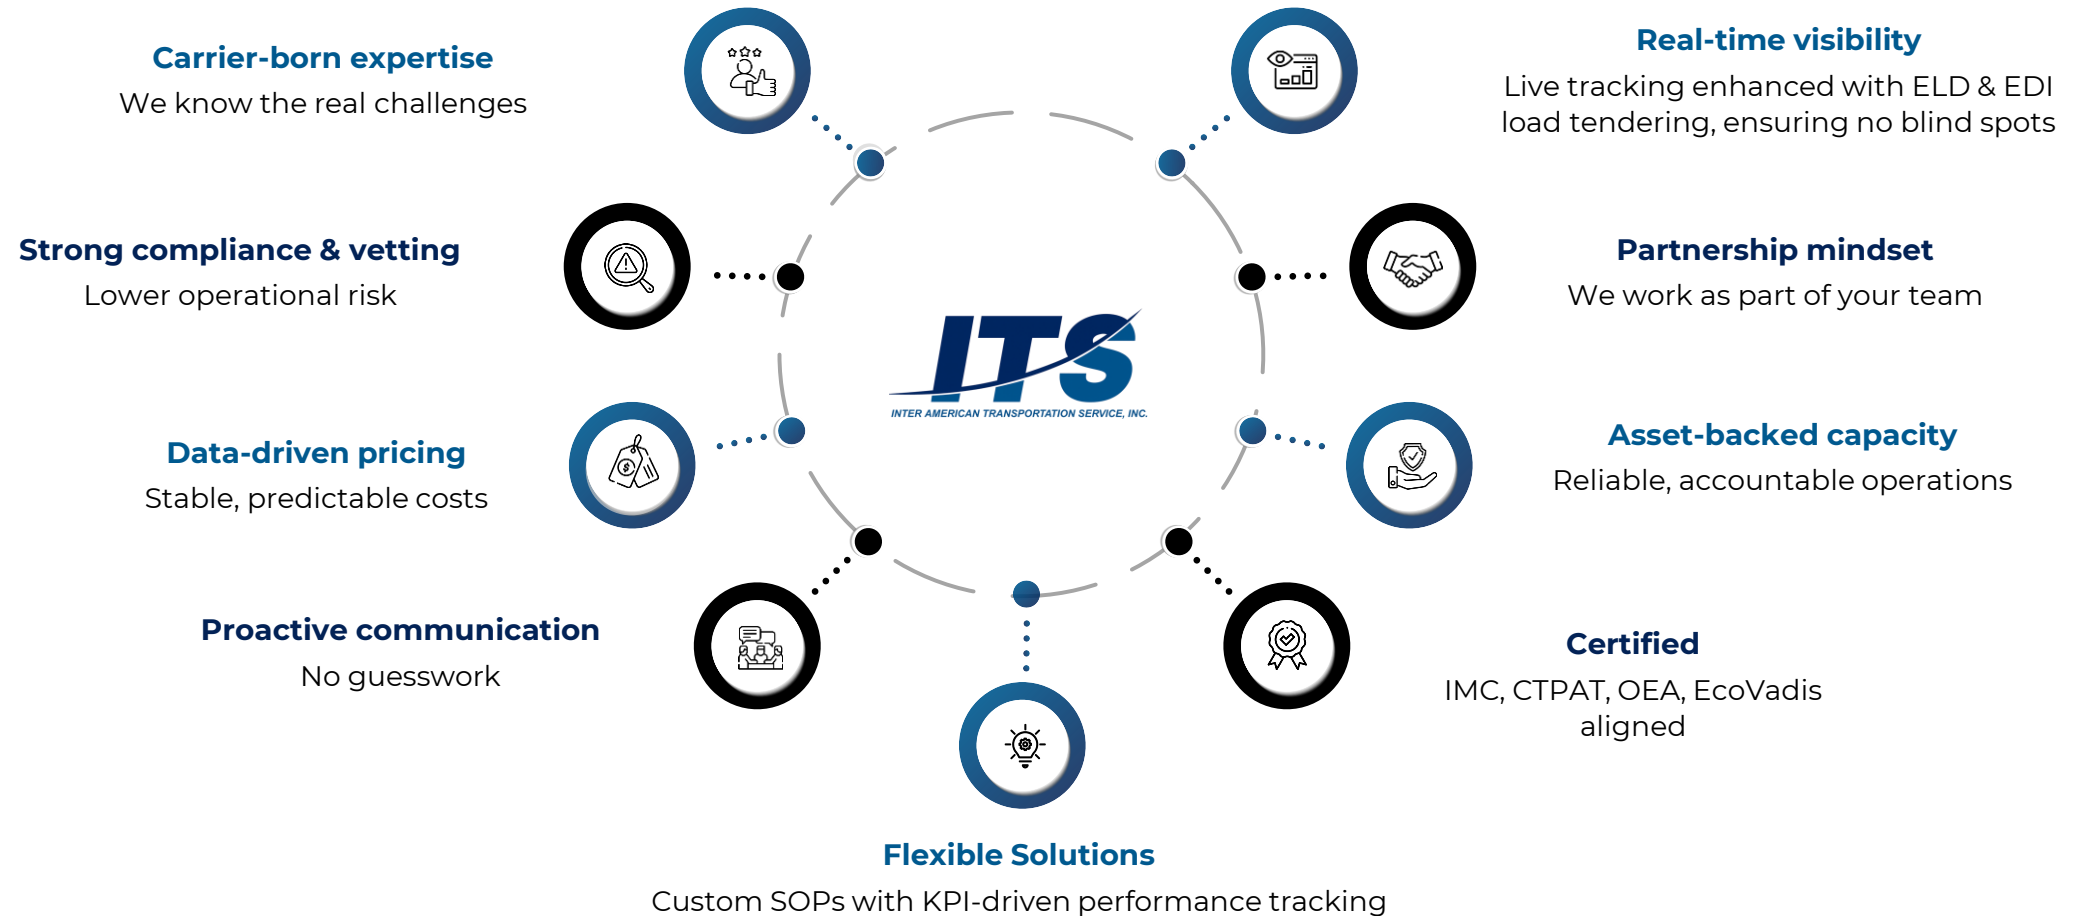

**6.9 %**

## Growth in U.S.–Mexico Goods Trade (2024)

U.S. goods imports from Mexico rose 6.9 % in 2024, underscoring the strategic importance of border-corridor logistics. United States Trade Representative+1
